MEMORANDUM FOR : Security Office  
Attention: [REDACTED]

SUBJECT : Categories of Knowledgeability  
Concerning Project AQUATONE

1. After further consideration of our discussion of yesterday regarding an understanding of the phases of knowledgeability regarding the entire Project, I am convinced that your office should develop degrees of knowledgeability for various participants. We are reaching the point in the Project where I feel it will be necessary to limit total knowledgeability to very few people. This is especially true as more and more Air Force personnel begin to participate in their project.

2. Once the various phases and degrees of knowledgeability have been developed, they should be coordinated with the Project Director and disseminated to all key suppliers and active Project agencies.
